BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the matter of the application of Qadeer A. Farrukh dba Fairfield Airporter to Transfer, and Chamkaur Giri to acquire a certificate of public convenience and necessity to operate as a passenger stage corporation between points in Solano County, on the one hand, and the San Francisco, Oakland, San Jose and the Sacramento International Airports, on the other hand.

Application 01-07-037
(Filed July 25, 2001)

O P I N I O N**Summary**

This decision grants the application to transfer, pursuant to Pub. Util. Code § 851 et al. seq., a passenger stage corporation (PSC) certificate from Qadeer A. Farrukh (Transferor), an individual, to Chamkaur Giri (Transferee), an individual, (collectively, Applicants).

Discussion

The application, as amended by letters of October 4, 2001 and October 5, 2001, requests authority for Transferor to transfer his certificate of public convenience and necessity (CPCN) to operate as a PSC, as defined in Pub. Util. Code § 226, to Transferee. The CPCN was granted to Transferor by Decision (D.) 98-09-021, and is described in the Appendix of that decision. It authorizes the transportation of persons and their baggage on an on-call basis between

points in Solano County, on the one hand, and San Francisco (SFO), Oakland (OAK), and Sacramento (SAC) International Airports, on the other hand.

Transferee has agreed to assume responsibility for payment of the loan balances on Transferee's vehicles, totaling \$23,065.

Notice of filing of the application appeared in the Commission's Daily Calendar on August 1, 2001.

In Resolution ALJ 176-3068 dated August 2, 2001, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3068.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. The application, as amended, requests authority for Transferor to transfer his CPCN to operate as a PSC to Transferee.
2. Transferor is operating as a PSC pursuant to D.98-09-021.
3. Transferor has agreed to transfer to Transferee the CPCN described in the Appendix of D.98-09-021.
4. The proposed transfer will not be adverse to the public interest.
5. No protest to the application has been filed.
6. A public hearing is not necessary.
7. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. The application, as amended, should be granted.

2. The proposed transfer is in the public interest and should be authorized.
3. Since the matter is uncontested, the decision should be effective on the date it is signed.
4. Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
